range of hardware and software problems, covering topics including crashes, printers, SCSI devices, memory, viruses, and file sharing.

From the incomparable New York Times and New Yorker illustrator Tamara Shopsin, a debut novel about a NYC printer repair technician who comes of age alongside the Apple computer—featuring original artistic designs by the author.

**NAMED A MOST ANTICIPATED
BOOK OF 2021 BY LIT HUB.**

LaserWriter II is a coming-of-age tale set in the legendary 90s indie NYC Mac repair shop TekServe—a voyage back in time to when the internet was new, when New York City was gritty, and when Apple made off-beat computers for weirdos. Our guide is Claire, a 19-year-old who barely speaks to her bohemian co-workers, but knows when it's time to snap

on an antistatic bracelet. Tamara Shopsin brings us a classically New York novel that couldn't feel more timely.

Interweaving the history of digital technology with a tale both touchingly human and delightfully technical, Shopsin brings an idiosyncratic cast of characters to life with a light touch, a sharp eye, and an unmistakable voice. Filled with pixelated philosophy and lots of printers, LaserWriter II is, at its heart, a parable about an apple.

Herald Tribune and quickly made a place for itself as the trusted resource for readers across the country. With award-winning writing and photography covering everything from politics and food to theater and fashion, the magazine's consistent mission has been to reflect back to its audience the energy and excitement of the city itself, while celebrating New York as both a place and an idea.

The form is so elemental, so basic, that we have difficulty imagining a time before it existed: a single set, fixed cameras, canned laughter, zany sidekicks, quirky family antics. Obsessively watched and critically ignored, sitcoms were a distraction, a gentle lullaby of a kinder, gentler America—until suddenly the artificial boundary between the world and television entertainment collapsed. In this book we can watch the growth of the

Edition following the path that leads from Lucy to The Phil Silvers Show; from The Dick Van Dyke Show to The Mary Tyler Moore Show; from M*A*S*H to Taxi; from Cheers to Roseanne; from Seinfeld to Curb Your Enthusiasm; and from The Larry Sanders Show to 30 Rock. Each sitcom episode is a self-enclosed world, a brief overturning of the established order of its universe before returning to the precise spot from which it had begun. In twenty-four episodes, Sitcom surveys the history of the form, and functions as both a TV mixtape of fondly remembered shows that will guide us to notable series and larger trends, and a carefully curated guided tour through the history of one of our most treasured art forms. Saul Austerlitz is the author of Another Fine Mess: A History of the American Film Comedy, named by Booklist as one of the ten best arts books of 2010, and Money for

"Arbitrary Stupid Goal is a completely riveting world—when I looked up from its pages regular life seemed boring and safe and modern like one big iPhone. This book captures not just a lost New York but a whole lost way of life." —Miranda July

In *Arbitrary Stupid Goal*, Tamara Shopsin takes the reader on a pointillist time-travel trip to the Greenwich Village of her bohemian 1970s childhood, a funky, tight-knit small town in the big city, long before *Sex and the City* tours and luxury condos. The center of Tamara's universe is Shopsin's, her family's legendary greasy spoon, aka "The Store," run by her inimitable dad, Kenny—a loquacious,

contrary, huge-hearted man who, aside from dishing up New York's best egg salad on rye, is Village sheriff, philosopher, and fixer all at once. All comers find a place at Shopsin's table and feast on Kenny's tall tales and trenchant advice along with the incomparable chili con carne. Filled with clever illustrations and witty, nostalgic photographs and graphics, and told in a sly, elliptical narrative that is both hilarious and endearing, *Arbitrary Stupid Goal* is an offbeat memory-book mosaic about the secrets of living an unconventional life, which is becoming a forgotten art.
