Originally developed in the early 1980s by Dr. George Thompson, Verbal Judo is a training program aimed at providing officers with various verbal skills that facilitate the successful resolution of situations and reduce the need for the use of force when possible.

"When you react, the event controls you. When you respond, you're in control." Verbal Judo is the classic guide to the martial art of the mind and mouth that can help you defuse confrontations and generate cooperation, whether you're talking to a boss, a spouse, or even a teenager. For more than a generation, Dr. George J. Thompson's essential handbook has taught people how to communicate more confidently and persuasively in any situation. Verbal Judo shows you how to listen and speak more effectively, engage others through empathy (the most powerful word in the English language), avoid the most common conversational disasters, and use proven strategies to successfully express your point of view—and take the lead in most disputes. This updated edition includes a new foreword and a chapter featuring Dr. Thompson's five universal truths of "human interaction": People feel the need to be respected People would rather be asked than be told People have a desire to know why People prefer to have options over threats People want to have

This book will help police officers and other contact professionals develop verbal strategies that can transform potentially explosive encounters into positive resolutions. It addresses the most difficult problems of the street encounter where quick thinking and spontaneous verbal response often make the difference between life and death. The author explores all kinds of confrontation rhetoric and offers both a theoretical and practical account of how to handle street situations. Following an introduction to the problems of street communication the author focuses on five basic rhetorical elements perspective, audience, voice, purpose and organization. The principles and techniques described can be used in practically every verbal encounter. Each chapter includes case studies that give readers practice in developing rhetorical strategies for handling
