Examines political philosophies of the classic theorists as a means to understand international dilemmas in the post-Cold War world

Examines political philosophies of the classic theorists as a means to understand international dilemmas in the post-Cold War world

Hailed as one of the greatest novels of all time and a classic of world literature, War and Peace is a tale of strivers in a world fraught with conflict, social and political change, and spiritual confusion, Tolstoy's magnificent work continues to entertain, enlighten, and inspire readers around the world. Both an intimate study of individual passions and an epic history of Russia and its people, 'War and Peace' is nothing more or less than a complete portrait of human existence. Among its many unforgettable characters is Prince Andrey Bolkonsky, a proud, dashing man who, despising the artifice of high society, joins the army to achieve glory. Badly wounded at Austerlitz, he begins to discover the emptiness of everything to which he has devoted himself. His death scene is considered one of the greatest passages in Russian literature. Terror swiftly engulfs the country as Napoleon's army marches on Russia, and the lives of three young people are changed forever. The stories of quixotic Pierre, cynical Andrey and impetuous Natasha interweave with a huge cast, from aristocrats and peasants, to soldiers and Napoleon himself. In War and Peace (1868-9), Tolstoy entwines grand themes—conflict and love, birth and death, free will and fate.

Unlike some other reproductions of classic texts (1) We have not used OCR(Optical Character Recognition), as this leads to bad quality books with introduced typos. (2) In books where there are images such as portraits, maps, sketches etc We have endeavoured to keep the quality of these images, so they represent accurately the original artefact. Although occasionally there may be certain imperfections with these old texts, we feel they deserve to be made available for future generations to enjoy.

The Things They Carried meets Three Cups of Tea in this inspirational true story of a Marine who finds his calling empowering youth in one of the largest slums in Africa.

As I advance in years I look upon life as a good deal of a paradox; at times it seems to be a mass of contradictions of love and hate, of friendship and enmity, of truths and falsehoods, of war and peace. In the same flash of time countries are throttling others; other nations are straining themselves not only to soften the hardships created by an international war, but to help feed, care for and dry the tears made by the havoc of slaughter. A most striking instance of this statement happened a few days before the outbreak of the war. Through a mutual friend, while in Bavaria, I learned that Miss Anna Eckstein, an American woman, who has devoted her life to the world's peace movement was visiting her home in Coburg Saxe-Weimar. It was a short distance from where I was staying, and I asked Miss Eckstein if she would come to me. The answer to my invitation was that much as she would love to see me we should have to defer our meeting to some other time.

“ This lively appreciation of one of the most intimidating and massive novels ever written should persuade many hesitant readers to try scaling the heights of War and Peace sooner rather than later ” (Publishers Weekly). Considered by many critics the greatest novel ever written, War and Peace is also one of the most feared. And at 1,500 pages, it ’ s no wonder why. Still, in July 2009 Newsweek put War and Peace at the top of its list of 100 great novels and a 2007 edition of the AARP Bulletin included the novel in their list of the top four books everybody should read by the age of fifty. A New York Times survey from 2009 identified War and Peace as the world classic you ’ re most likely to find people reading on their subway commute to work. What might all those Newsweek devotees, senior citizens, and harried commuters see in a book about the Napoleonic Wars in the early 1800s? War and Peace is many things. It is a love story, a family saga, a war novel. But at its core it ’ s a novel about human beings attempting to create a meaningful life for themselves in a country torn apart by war, social change, political intrigue, and spiritual confusion. It is a mirror of our times. Give War and Peace a Chance takes readers on a journey through War and Peace that reframes their very understanding of what it means to live through troubled times and survive them. Touching on a broad range of topics, from courage to romance, parenting to death, Kaufman demonstrates how Tolstoy ’ s wisdom can help us live fuller, more meaningful lives. The ideal companion to War and Peace, this book “ makes Tolstoy ’ s characters lively and palpable...and may well persuade readers to finally dive into one of the world ’ s most acclaimed—and daunting—novels ” (Kirkus Reviews).

A U.S. Military Academy historian analyzes America's exit strategies in conflicts ranging from the American Revolution to the Gulf War, providing fifteen essays by leading authorities to offer insight into each war's goals, campaigns, and legacies.

Offers an assessment of the first two decades of the twentieth century, and especially the First World War, that argues that these years played an essential part in the creation of a peaceful global order.
