Together, they have written a new book, "What to Expect When You're Expecting Robots: The Future of Human-Robot Collaboration," published this month by Basic Books. What we can expect, they write, is that robots of the future will no longer work for us, but with us. They will be less like tools, programmed to carry out specific tasks in controlled environments, as factory automatons and domestic Roombas have been, and more like partners, interacting with and working among people in the ...
